Kevin John

Full-Stack Developer Senior AI Engineer

✉ kevinjohn00318@gmail.com   📞 06543775568   📍 Germany

PROFILE

I have 11 years of extensive experience in Full Stack Development.

I am a highly skilled and versatile Full Stack Developer with a passion for creating innovative and user-friendly web applications. With expertise in both front-end and back-end development, I can handle the entire software development lifecycle, from concept to deployment. My commitment to producing high-quality code and my ability to work collaboratively make me an asset to any project.

Also I have 6 years of experience in Artificial Intelligence.

I am an accomplished Artificial Intelligence Engineer with a passion for harnessing the power of machine learning and deep learning to solve complex real-world problems. With a strong background in mathematics, data science, and computer science, I specialize in developing AI-driven solutions that drive innovation and efficiency.
